SYNTHESIZE

Team Leonardo
What might a freelance learning studio look like?

Team Raphael
How might space support the rapid changes in technology?

Team Donatello
How might we foster shared perspective (empathy between student and teacher)?

Team Michaelangelo
How might space support student comfort?
Team Leonardo
What might a freelance learning studio look like?

Team Raphael
How might space support the rapid changes in technology?

Team Donatello
How might we foster shared perspective (empathy between student and teacher)?

Team Michaelangelo
How might space support student comfort?
PROTOTYPE

Team Leonardo
What might a freelance learning studio look like?

Team Raphael
How might space support the rapid changes in technology?

Team Donatello
How might we foster shared perspective (empathy between student and teacher)?

Team Michaelangelo
How might space support student comfort?
Shareback...let’s talk!

How does the designed learning environment benchmark against the design drivers that the design team created?
The science of connection is your call to action at home

Primary Conditions:

**See**, as it is…

**Accept**, as it is…

**Value**, as it is…

Secondary Conditions:

Leave space, and…

Step into the space left for you
